PERSONAL SUMMARY

I’m an aspiring Software Developer and UI/UX Designer focused on creating innovative digital products. I work well in team environments and can also manage independent projects. I have strong organizational skills, am comfortable with information technology and social media, and I’m eager to contribute to impactful projects.

EDUCATION

SRI MANAKULA VINAYAGAR ENGINEERING COLLEGE, Puducherry, India.
B.Tech : Computer Science And Engineering (2023-2027)
CGPA: 9.04 (Till 5th semester)
SRI SANKARA VIDYALAYA HIGHER SECONDARY SCHOOL, Puducherry, India.
SSLC (2020-2021)
HSC: Biology (2022-2023)
PERCENTAGE: 92.5%

ACHIEVEMENTS

- Shortlisted up to Round 1 in the Cyber Security domain at the India Skills competition.
- NPTEL Certificate - Joy of computing using Python.
- NPTEL Certificate - Database Management Systems.
- UI/UX designing course completed.
- Full stack development course completed.
- Selected for Pre-final in Hackathon organised by ICT academy in 2025.

PROJECTS

Cloud-Based Business Intelligence System using Process Mining
Developed a scalable cloud-based BI system on AWS that uses process mining to analyze transactional data, identify profit/loss patterns, detect bottlenecks, and generate actionable flowcharts and reports for informed business decisions.

Patient Monitoring System
Developed a full-stack web application to manage patient records with CRUD operations. Built backend APIs using Node.js and Express.js, and stored data in MongoDB. Integrated React frontend with backend services for seamless data handling.

INTERNSHIP

Intern
Hattusa IT solutions, Puducherry, India

- Contributed to an application by identifying and completing missing content such as descriptions, images, and usage details for location-based modules.
- Assisted in organizing rules and "how-to-play" sections, supporting content accuracy and overall app usability.
